

# CONTENTS IN DETAIL

## ACKNOWLEDGMENTS

xvii

## INTRODUCTION 1

Who Is This Book For? .....	2
Version Compatibility .....	3
Concept and Approach .....	4
How to Use This Book.....	7
About the Conventions Used in This Book.....	7
About the Projects in This Book .....	7

## 1 BECOMING A PENGUINISTA

### Welcome to the World of Linux 9

What Is Linux? .....	10
About the Penguin .....	11
Why Should I Use Linux?.....	11
Is It All Just About Money?.....	12
But Is Linux Really Ready for the Desktop? .....	12
What Is a Distribution? .....	13
What Is Ubuntu? .....	13
Why Ubuntu Then?.....	14
Hardware Compatibility.....	15
Diving In .....	15
When Research Is Required.....	15
Hardware Requirements.....	16
Good News for AMD64 Users.....	17
Mixed News for Mac Users.....	17
Speaking Ubuntu .....	18
Where Do I Go from Here? .....	18

## 2 WADING AND DIVING

### Running and (If You Like) Installing Ubuntu 19

Going in for a Dip.....	20
Choices, Choices, Choices—Installation Options.....	20
Going out for a Swim—Installing Ubuntu Inside Windows (the Wubi Installer) ...	21
Taking the Full Plunge—Installing Ubuntu Outside of Windows .....	23
Getting Ready for Action.....	24
Doing the Deed.....	25

### 3 A NEW PLACE TO CALL HOME Getting to Know the Desktop 31

Welcome to the GNOME Desktop .....	32
The Top Panel .....	32
The Left End .....	33
The Right End .....	34
The Bottom Panel .....	34
<b>Project 3A: Customizing the GNOME Panel .....</b>	<b>35</b>
3A-1: Adding Utility Buttons to the Panel .....	35
3A-2: Adding Amusing Applets to the Panel .....	36
3A-3: Adding a Program Launcher to the Panel .....	37
3A-4: Changing Panel Launcher Icons .....	39
3A-5: Adding a Drawer to the Panel .....	40
3A-6: Adding Program Launchers to the Drawer .....	40
3A-7: Adding the Entire Contents of a Menu to the Panel .....	41
3A-8: Moving Things Around on the Panel .....	42
More Panel Fun .....	42
<b>Project 3B: Manipulating Menus .....</b>	<b>43</b>
3B-1: Changing Icons Within Menus .....	43
3B-2: Changing the Order of Icons Within Menus .....	44
Virtual Desktops .....	45
Moving Running Applications Between Virtual Desktops .....	46
Wanda Revisited—GNOME Easter Eggs .....	47
Shutting Down .....	48

### 4 MORE THAN WEBBED FEET The Internet, Linux Style 49

Setting Up a High-Speed Connection .....	50
Setting Up a Cable or Ethernet Connection for Providers Not Utilizing DHCP .....	50
Setting Up a Wireless Connection .....	52
Hardware .....	52
Activating Your Wireless Card .....	53
Releasing and Renewing Your Wireless Connection .....	54
Setting Up a Dial-Up Connection .....	55
What to Do If Your Modem Isn't Compatible .....	57
Firefox: Your Internet Browser .....	58
Controlling Browser Window Clutter with Tabs .....	58
Other Firefox Features: Popup Manager .....	59
<b>Project 4A: Installing Firefox Extensions .....</b>	<b>60</b>
4A-1: Downloading and Installing the ScribeFire Extension .....	60
4A-2: Setting Up the ScribeFire Extension .....	62
<b>Project 4B: Installing the Flash Plugin .....</b>	<b>62</b>
Email with Evolution .....	64
An Email Alternative: Thunderbird .....	64
Other Internet Applications .....	66

## 5 ROUNDING OUT THE BIRD Downloading, Installing, and Updating Programs the Easy Way 67

<b>Project 5A: Installing Applications via GNOME App Install .....</b>	<b>68</b>
5A-1: Selecting Applications for Installation .....	69
5A-2: Downloading and Installing Selected Applications .....	70
<b>Project 5B: Installing Applications via Synaptic.....</b>	<b>72</b>
Installing Frozen-Bubble .....	73
A Little More Practice with Synaptic .....	75
Removing Applications via Synaptic .....	76
Upgrading Applications via Synaptic.....	76
Performing System Upgrades via Update Manager .....	76
If an Update Ruins Your Day . . . or System .....	77

## 6 A TIDY NEST File and Disk Handling in Ubuntu 79

Nutilus: Your File Manager.....	80
The Side Pane.....	80
File Handling in Nutilus.....	82
Creating, Naming, and Renaming Folders .....	82
Moving Files and Folders .....	83
Copying Files and Folders .....	83
Navigating in Nutilus.....	83
Tabbed Browsing in Nutilus.....	83
Spelling It Out—Typing File Paths in Nutilus.....	84
Bookmarks Within Nutilus .....	85
Understanding the Linux Filesystem.....	85
What’s in All Those Other Folders? .....	86
Using Nutilus as a Network Browser.....	87
Using Nutilus as an FTP Client.....	88
File and Folder Permissions Within Nutilus.....	88
Reading Data CDs and DVDs .....	91
Burning Data CDs and DVDs .....	91
Dealing with CD-RW Disks .....	93
Burning ISO Images to Disk .....	94
Creating Your Own ISO Images.....	94
Burning Multisession CDs .....	95
Burning Subsequent Sessions .....	96
Duplicating CDs and DVDs.....	96
USB Storage Devices .....	96
Putting USB Storage Devices to Work .....	98
Working with Bluetooth Devices.....	98
Browsing Devices .....	98
Sending Files by Bluetooth.....	99
Receiving Files by Bluetooth.....	99
<b>Project 6: Creating and Extracting Compressed Files .....</b>	<b>100</b>

## 7

### DRESSING UP THE BIRD

#### Customizing the Look and Feel of Your System **103**

<b>Project 7A: Creating a New User Account</b> .....	<b>104</b>
Logging In to Your New Account.....	106
<b>Project 7B: Customizing Your Desktop Environment</b> .....	<b>108</b>
7B-1: Adding Emblems to Folders.....	108
7B-2: Setting Window Backgrounds (and Emblems Again).....	109
7B-3: Dolling Up the Side Pane (and Emblems Yet Again).....	110
7B-4: Changing the Desktop Background.....	111
7B-5: Downloading and Installing the Art Manager (GNOME Art).....	114
7B-6: Changing Window Borders, Controls, and Icon Sets.....	115
7B-7: Installing Additional Window Borders, Controls, and Icons.....	117
<b>Project 7C: Placing Home and Trash Icons on the Desktop</b> .....	<b>119</b>
Stretching Desktop Icons.....	120
<b>Project 7D: Changing Your Login Screen</b> .....	<b>121</b>
7D-1: Downloading a Login Manager Theme.....	121
7D-2: Installing Your New Login Manager Theme.....	121
<b>Project 7E: Changing Your Splash Screen</b> .....	<b>122</b>
7E-1: Enabling Automatic Login.....	123
7E-2: Installing Splash Screens.....	123
7E-3: Selecting and Activating Splash Screens.....	124
Choosing a Screensaver.....	125
Screenshots.....	125
Why Don't My Window Screenshots Have Borders?.....	126
Visual Effects.....	127
Enabling Individual Compiz Features.....	128

## 8

### SIMPLE KITTEN WAYS

#### Getting to Know the Linux Terminal and Command Line **131**

Meet the Terminal.....	133
Shells.....	134
Some Goofy, Yet Useful, Fun with the Command Terminal.....	134
Nontoxic Commands.....	135
\$ whoami.....	135
\$ finger.....	135
\$ pwd.....	136
\$ df.....	137
\$ ls.....	137
\$ calendar.....	138
\$ exit.....	138
Commands with Some Teeth.....	138
\$ mkdir.....	138
\$ mv.....	138
\$ cd.....	139
\$ cp.....	139
\$ rm.....	140

\$ rmdir .....	140
\$ chmod .....	140
\$ sudo .....	142
\$ locate .....	143
\$ apt-get .....	143
A Couple of Other Biters You'll Be Using Soon .....	144
\$ ln .....	144
\$ tar .....	145
<b>Project 8A: Creating a Plan .....</b>	<b>146</b>
<b>Project 8B: More Command Practice with pyWings .....</b>	<b>147</b>
8B-1: Getting Ready for pyWings (Installing Tkinter) .....	149
8B-2: Getting pyWings .....	149
8B-3: Creating a LocalApps Folder for pyWings .....	149
8B-4: Extracting the pyWings Tarball.....	150
8B-5: Moving the pyWings Folder to Your LocalApps Folder .....	150
8B-6: Running pyWings .....	151
8B-7: Creating a Launchable Link for pyWings .....	151
8B-8: Running pyWings Again .....	152
8B-9: Adding Emblems to Your LocalApps Folder .....	152
<b>Project 8C: Command Practice Review with Briscola .....</b>	<b>153</b>
8C-1: Getting Briscola .....	153
8C-2: Extracting the Briscola Tarball and Renaming the Briscola Folder .....	154
8C-3: Preparing the Briscola Script.....	154
8C-4: Moving the Briscola Folder to a Global Location .....	155
8C-5: Creating a Launchable Link for Briscola .....	155
Can I Do the Same Thing with pyWings? .....	155
Playing Briscola .....	156
Customizing the Terminal .....	157
Tabbed Shell Sessions in the Terminal.....	159

## 9 ALIENS, TARBALLS, A GLASS OF WINE, AND A CUP OF JOE

### More Ways to Install Programs

161

<b>Project 9A: Installing the Java Runtime Environment and Running Java Apps: Risk .....</b>	<b>162</b>
9A-1: Installing the Java Runtime Environment.....	162
9A-2: Getting the Risk File .....	163
9A-3: Running Risk .....	163
<b>Project 9B: A Little More Hands-On Java Experience: Schnapsen .....</b>	<b>164</b>
9B-1: Getting and Extracting Schnapsen .....	164
9B-2: Running and Anglicizing Schnapsen .....	165
<b>Project 9C: Say It Ain't So, Joe—Running Windows Applications with Wine.....</b>	<b>166</b>
9C-1: Installing and Checking Out Wine.....	166
9C-2: Installing a Windows Application in Wine .....	166
9C-3: Installing Microsoft Internet Explorer .....	168
<b>Project 9D: Installing DEB Packages Not Available via the Ubuntu Repositories: Skype ....</b>	<b>171</b>
9D-1: Getting and Installing Skype .....	171
<b>Project 9E: Converting RPMs to DEB Packages Using Alien.....</b>	<b>172</b>
9E-1: Installing Alien.....	173
9E-2: Installing Qt GUI Library .....	173

9E-3: Getting the TuxCards RPM .....	174
9E-4: Converting the TuxCards RPM .....	174
9E-5: Installing the Newly Generated TuxCards DEB Package .....	174
9E-6: Running TuxCards.....	174
<b>Project 9F: Compiling and Installing Programs from Source: Xmahjongg .....</b>	<b>175</b>
What Is Source? .....	175
Tarballs: The Containers of Source .....	176
The Basics .....	177
9F-1: Installing the Tools You Need .....	177
9F-2: Downloading and Extracting the Xmahjongg File .....	177
9F-3: Running configure and make for Xmahjongg .....	179
9F-4: Installing and Running Xmahjongg .....	180
9F-5: Cleaning Up and/or Uninstalling Xmahjongg.....	181

## 10

### GUTENBIRD

#### Setting Up and Using Your Printer and Scanner **183**

Printers .....	184
Confirming That Your Printer Is Supported .....	184
Getting Ubuntu to Automatically Recognize and Set Up Your Printer.....	184
Manually Configuring Printers.....	186
Setting Up Printers Connected Over a Network.....	188
For the Driverless Among You .....	188
Printing Details.....	190
Canceling a Print Job.....	192
Scanners .....	192
Scanning with XSane .....	193
Why Are My Scanned Images So Big? .....	195
What Resolution Should I Use When Scanning? .....	196

## 11

### FONT FEATHERED FRENZY

#### Adding New Fonts to Your System **197**

<b>Project 11A: Installing TrueType Fonts Locally .....</b>	<b>199</b>
11A-1: Getting the Font Files .....	199
11A-2: Installing the Fonts .....	199
11A-3: Uninstalling Locally Installed Fonts .....	200
<b>Project 11B: Installing TrueType Fonts Globally .....</b>	<b>200</b>
11B-1: Installing Individual Fonts Globally.....	201
11B-2: Installing Multiple Fonts Globally .....	201
11B-3: Uninstalling Globally Installed Fonts .....	202
<b>Project 11C: Installing Microsoft Windows Core Fonts via Synaptic .....</b>	<b>202</b>
<b>Project 11D: Installing Microsoft Core Fonts from Your Windows Partition</b>	
<b>(for Dual-Booters) .....</b>	<b>203</b>
11D-1: Mounting Your Windows Partition .....	203
11D-2: Installing Fonts from Your Windows Partition .....	204
Unmounting Your Windows Partition .....	205

Customizing Your System Fonts .....	205
Making Things Look Better .....	206
Creating Your Own Fonts with FontForge .....	206
Downloading, Installing, and Running FontForge.....	207

## 12

### POLYGLOT PENGUINS

#### Linux Speaks Your Language **209**

Read-Only Language Support .....	210
Changing the Character Encoding in Firefox .....	210
Typing Nonstandard Characters .....	211
Using the Compose Key Option .....	211
Using the Keyboard Indicator .....	212
Viewing Your System in Another Language.....	214
Multilingual Login .....	215
Chinese, Japanese, and Korean Input.....	217
Chinese .....	217
Japanese.....	217
Korean .....	218
<b>Project 12: Installing Asian Language Input Support for SCIM.....</b>	<b>219</b>
12-1: Downloading and Installing SCIM Input Method Modules.....	219
12-2: Typing in Asian Languages with SCIM .....	220

## 13

### PENGUINS BACK AT WORK

#### Getting Down to Business in Linux **223**

OpenOffice.org .....	224
OpenOffice.org Applications.....	224
Microsoft Office and OpenOffice.org File Compatibility .....	226
OpenOffice.org Features .....	227
Getting to Know the Buttons.....	228
Word Processing Done Lightly with AbiWord .....	232
Some Other Cool Productivity Apps.....	233
Sticky Notes .....	233
Tomboy .....	233
GnuCash .....	234
Scribus .....	235

## 14

### BRUSH-WIELDING PENGUINS

#### Linux Does Art **237**

<b>Project 14A: Importing Images from Digital Cameras .....</b>	<b>237</b>
14A-1: Importing Images from Camera to Computer .....	
Somewhat Automatically via F-Spot.....	238
14A-2: Transferring Images from Camera to Computer via Nautilus .....	239

<b>Project 14B: Working with Digital Images in F-Spot Photo Manager</b> .....	<b>240</b>
14B-1: Exporting Images to Online Albums and Galleries .....	240
14B-2: Organizing Your Photo Collections with Tags .....	241
Getting Arty with the GIMP.....	242
Using the GIMP to Resize Images and Convert File Formats .....	242
Dialogs .....	243
Taking Screenshots with the GIMP .....	244
Learning More .....	245
gpaint.....	245
Inkscape .....	246
<b>Project 14C: Installing Picasa</b> .....	<b>247</b>
14C-1: Downloading and Installing the Picasa Package.....	247
14C-2: Running and Setting Up Picasa .....	248
A Few Other Graphics Apps to Consider .....	249
gThumb Image Viewer .....	249
Blender .....	250
QCAD.....	251
Tux Paint .....	252

## 15

### TUX ROCKS

#### Music à la Linux

**253**

Audio File Formats .....	253
<b>Project 15A: Installing MP3 Support for Audio Apps</b> .....	<b>254</b>
Audio Rippers and Encoders.....	255
Sound Juicer .....	256
Audio Players .....	258
Rhythmbox .....	258
<b>Project 15B: Listening to Streaming Media with Rhythmbox</b> .....	<b>262</b>
15B-1: Adding Radio Streams to Rhythmbox .....	262
15B-2: Adding Additional Radio Streams to Rhythmbox.....	263
Creating Audio CDs .....	263
Burning Audio CDs with Rhythmbox .....	263
Burning Audio CDs with Brasero .....	263
<b>Project 15C: Listening to RealMedia Streams with RealPlayer</b> .....	<b>264</b>
Downloading and Installing RealPlayer .....	265
Setting Up RealPlayer and Testing Your Installation.....	265
Going to Town with RealPlayer .....	266
Other Cool Audio Apps .....	267
Other Audio Players .....	267
Other Audio Apps.....	267
EasyTAG and Audio Tag Tool.....	268
LMMS.....	268
Audacity .....	270

## **16 PLUGGIN' IN THE PENGUIN Ubuntu and Your iPod 271**

Knowing Your Limits .....	272
iPod Filesystem Formats.....	272
Determining Your iPod's Format .....	273
Disabling Journaling on HFS+-Formatted iPods .....	273
Reformatting Your HFS+-Formatted iPod .....	274
(Not) Auto-Updating Your iPod .....	275
Managing Your iPod in Ubuntu.....	276
Managing Your iPod's Audio Files with Rhythmbox .....	276
Managing Your iPod's Audio Files in gtkpod .....	277
Photo Transfer with GPixPod.....	281
Converting Audio File Formats .....	282
Linux on Your iPod?.....	283
Other MP3 Players .....	283

## **17 COUCH PENGUINS Video and DVD Playback in Ubuntu 285**

Playing Video Streams with RealPlayer.....	285
DVDs.....	286
Can I Play Foreign DVDs? .....	286
<b>Project 17: Installing Support for Encrypted DVDs .....</b>	<b>287</b>
Totem Movie Player .....	288
Using Totem to Play DVDs, VCDs, and Other Multimedia Files .....	288
Making Things Look a Bit Better in Totem .....	289
Totem as an Audio Player? .....	289
A Couple of Other Cool Totem Features.....	291
Using Your Digital Video Camera .....	291
Setting Up Your System to Capture Digital Video.....	291
Capturing and Editing Digital Video with Kino .....	292
Other Video Apps.....	294

## **18 DEFENDING THE NEST Security 297**

Does My System Need Protection? .....	298
The First Line of Defense.....	298
Software Firewalls .....	300
Taking Control of Firestarter .....	302
Confirming That Firestarter Runs Automatically.....	302
Finding Out More .....	302
ClamAV: Antivirus Software, Linux Style.....	302
Using the ClamAV/ClamTk Duo.....	303

<b>Project 18: Virus Scanning with avast!</b> .....	<b>304</b>
18-1: Downloading the avast! DEB Package and License Key.....	304
18-2: Running and Using avast! .....	305

**A**  
**UBUNTU DESKTOP CDS FOR AMD64 USERS** **307**

Downloading and Burning Ubuntu Desktop CD ISOs to CD .....	307
Burning the ISO to CD in Windows .....	308
Burning the ISO to CD in OS X .....	309
Ordering an Install Disk from Ubuntu .....	310
Ordering an Install Disk from Other Online Sources.....	310

**B**  
**RESOURCES** **311**

Forums.....	311
Linux Reference.....	312
Blogs .....	313
Hardware Compatibility Issues.....	313
Wireless Connections .....	313
Free Downloads.....	314
Applications and Other Packages .....	314
Free Fonts .....	314
News and Information .....	314
Magazines.....	314
Books .....	315
Ubuntu CDs.....	315

**INDEX** **317**
